

What is DoorDash?

Feature your business on DoorDash and reach new customers

Grow your pickup and delivery sales

DoorDash is a technology platform, both app-based and accessible by the web, that connects people with the restaurants and stores in their neighborhoods.

There is no one-size-fits all solution for building off-premise restaurant operations—that's why we offer many products, including delivery and pickup, white-label fulfillment, group ordering, and catering.

DoorDash helps 310,000 businesses like yours...

Reach new customers

Go beyond the dine-in experience and discover new customers.

Grow your revenue

Receive incremental orders while you focus on the cooking—we'll do the rest.

Increase brand awareness

We offer game-changing marketing tools to help you boost your online presence.

3 simple steps to get started
